

Dec 2009:

A couple of months into the wet season, the cows are moving substantially further and faster compared with their dry season movements. This is most probably in response to wider availability of good quality food and water following the rains. While still in the northern Kruger NP they have all shifted south of the Levhuvu River.

Elephants:

- KNF06 - Zingi
- KNF05 - Colleen
- KNF04 - Agnes
- KNF03 - Mangala
- KNF02 - Nkwakwimbi
- KNF01 - Sarita

Dec 2009:

Mondli has returned to Kruger NP after almost a month in Limpopo NP. Bvekenya remains in the area where he was immobilised last month to remove a snare.

Elephants:

- KNM06 - Jabulani
- KNM05 - Mondli
- KNM04 - Bvekenya
- KNM03 - Nwambi
- KNM02 - Gita
- KNM01 - Mapimbi
